7,500 – 9,999	\$0.07
10,000 & OVER	Please Call

All options are available to anyone participating in a propane price club within our service area

“Premier Service” customers receive the best pricing, no minimum deliveries, no added charges and they receive a discount on all products and services purchased while on the “Premier Service” program.

“Will Call” customers pay the base price at time of delivery (NOT WHEN CALLED IN), 200 gallon minimum delivery, deliveries will only be made during a regular routed schedule and ONLY if gallons on the truck are available. All other deliveries will incur an off route charge. “Will Call” customers may also be charged a regulatory compliance charge and a fuel surcharge in addition to the price per gallon. If a “Will Call” customer allows their tank to run out and TriCounty Gas is called to deliver propane, we will either fill the tank full at the current base price and perform the required “Leak Check” at no charge, otherwise we will deliver the minimum 200 gallons, perform the “Leak Check” and charge the \$150 “Out of Gas” fee, whichever is less. All charges and fees due upon delivery.
